Our most successful experiences:

- Tailor-made experiences:** creation of all-inclusive packages for groups (up to 20 participants): cycling routes and guides, transport services, Wellness & Spa, experiential visits.
- Bike tours:** organization of all-inclusive packages for mixed-level groups with fixed date, both in Italy and abroad. Our packages are differentiated by the type of experience you are looking for: road bikes, e-bike or mountain bikes tours.
- Training camp & events:** organization of all-inclusive packages to attend professional events, the most famous Granfondo competitions, and full-immersion training sessions.

Description of our activity:

Our passion for cycling is what guides us at OM Cycling Tours to create lifetime experiences. We are specialized in cycling holidays: we do one thing and we do it at best!

We take care of every single detail. Our tours and training camps are designed by professional guides and designed to enable participants to discover breathtaking places while cycling on our top quality, made in Italy bikes by Officine Mattio.

We search for and select only accommodation facilities that perfectly meet athletes' needs.

As Italians, we love sharing with you the secrets of our local cuisine accompanied by a glass of wine produced on our beautiful hills.

If you feel like exploring more, we have much more to offer you: wellness centres where to relax, museums, artistic and historical attractions, visits to the wine cellars in the Langhe region, and to centres of artisanal production of cheese and hazelnuts; lastly, you can discover Alba's truffle.

Our staff is made up of experts with a deep love for that they do: our friendliness and ability to anticipate your needs are going to make your OM Adventure experience memorable!

Top-selling Tours.
